SPINNEY will guarantee to forfeit $500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and some small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

Office Hours—10 to 4 and 6 to 8. Sundays from 10 to 11 A. M. Consultation Free. Thorough examination and advice $5.

PLAIN TRUTHS

The blood is the foundation of life, it circulates through every part of the body, and unless it is pure and rich, good health is impossible. If disease has entered the system the *only* sure and quick way to drive it out is to purify and enrich the blood.

These simple facts are well known, and the highest medical authorities agree that *nothing* but iron will restore the blood to its natural condition; and also that all the iron preparations hitherto made blacken the teeth, cause headache, and are otherwise injurious.

BROWN'S IRON BITTERS will thoroughly and quickly assimilate with the blood, purifying and strengthening it, and thus drive disease from any part of the system, and it will *not* blacken the teeth, cause headache or constipation, and is positively *not* injurious.

Saved his Child.

17 N. Eutaw St., Baltimore, Md. Feb. 19, 1880.

Gents:—Upon the recommendation of a friend I tried BROWN'S IRON BITTERS as a tonic and restorative for my daughter, whom I was thoroughly convinced was wasting away with Consumption. Having lost three daughters by the terrible disease, under the care of eminent physicians, I was loth to believe that anything could arrest the progress of the disease, but, to my great surprise, before my daughter had taken one bottle of BROWN'S IRON BITTERS, she began to mend and now is quite restored to former health. A fifth daughter began to show signs of Consumption, and when the physician was consulted he quickly said "Tonics were required;" and when informed that the elder sister was taking BROWN'S IRON BITTERS, responded "that is a good tonic, take it."

ADORAM PHELPS.

BROWN'S IRON BITTERS effectually cures Dyspepsia, Indigestion and Weakness, and renders the greatest relief and benefit to persons suffering from such wasting diseases as Consumption, Kidney Complaints, etc.

SENATE BILL NUMBER SEVENTY-EIGHT.

The Carson *Tribune* bitterly denounces Senate bill No. 78, which has for its object the redemption of desert lands in Nevada. It says the bill is entirely in the interests of Washoe county. This is a mistake. It is in the interest of Eagle valley, which is now a desert, but which will be reclaimed by the waters in the Carson, or that which will be stored in the mountains at its head and on Clear creek. In the interest of Pleasant, Lamoille, Ruby and Secret valleys, which will have their supply increased by reservoirs in Ruby range. In the interest of Paradise valley, which will have a canal in from the Owyhee. In the interest of Mason valley, which can be watered by Walker river. In the interest of Douglas county which has a mountain range full of reservoir sites. In the interest of the Lovelock meadows and other lands along the Humboldt river. In the interest of Lemmon's valley, which will have a ditch from Hog valley. In the interest of Spanish Springs, which will have one from the Truckee. In the interest of Reese River valley where water runs to waste in the Spring, and where lands lie barren in the Summer. In the interest of the State, which is losing its reputation as a silver producer, and is coming forward as a stock producing and grain growing region. In the interest of the public Treasury, which must now depend upon our farms, cattle and railroads for support. In the interest of our public schools, which will be enriched by the sale of 2,000,000 acres of land and 1,000,000 inches of water. In the interest of humanity, whose suffering poor are roaming the world over in search of homes and a place to earn a living. The idea that the State of Nevada or anyone else has not the right to divert running water from any stream for irrigation or any other purpose needs no comment. If it were true, there is all the more demand for the State to make reservoirs in the mountains to increase the supply for farmers.

EDITORIAL NOTES.

There will be four eclipses the present year—two of the sun and two of the moon. On April 22d there will be a partial eclipse of the moon which will be visible on the Pacific coast. The next eclipse will be that of the sun on May 6th; it will not be visible in this country. The third is that of the moon, on October 16th, and will be visible in all parts of the United States. The last is that of the sun, which occurs on October 30th, and will be partial on the Pacific coast.

Talmage preached one of his characteristic sermons recently, his subject being backbiters, and in a satisfying rebuke to that class of gossips among other things he said: "I have more respect for the poor waif of the streets that goes down under the gaslight, with no home and no God—for she deceives no one as to what she is—than I have for those hags of respectable society who cover up their tiger-claws with a fine shawl and belt, the hell of their hearts with a diamond breastpin."

In the glorious semi-tropical climate of Riverside, Los Angeles county, Cal., where oranges, figs and English walnuts grow spontaneously, the thermometer was seven degrees below zero one day last week.

An experienced police detective has been examining the city treasury vaults in San Francisco and states that they could be readily cracked by ordinary safe breakers.

The cable system of street car traction which is in successful operation in San Francisco and Chicago is about to be introduced into England at Highgate.

Does the Carson *Tribune* take the position of opposing the bill to reclaim desert lands because Washoe county will receive some benefit from it?

TO-DAY'S NEWS.

EASTERN DISPATCHES.

Two Brutes Pound Each Other to a Jelly.

NEW YORK, Feb. 10.

Thirty men who paid five dollars each for a ticket dropped in one by one into an up-town hall between midnight and one o'lock yesterday morning and saw Jim Connelly and Jack McConnel slug each other until the referee thought there would be danger in letting them go on. More blood was shed in one of the four rounds than was spilled in Sullivan's fight with Ryan at Mississippi City. From the first exchange they fought like madmen all over the ring, landing terrific blows. When three minutes were up and time was called both were battered and bleeding. They went into the second round no less desperately. The small, hard gloves cut their faces and breasts, and each seemed more bent upon crippling his adversary than defending himself. Blood covered the faces of both and dripped down upon their bruised chests. The oldest frequenters of prize fights present said they had never seen such desperate slugging. The men came up gamely for the third round and were hardly at the scratch before they were at it again, giving and receiving tremendous right and left-hard blows on the nose, mouth, ears and chest. They were then supported to their corners when this had lasted three minutes. When the minute for rest was gone and time was called for the fourth round they faced each other, determined, but both were weak. Neither seemed to have the advantage in the give-and-take that followed, but they mustered their spirits and drove their fists with what force they had left against their gashed and swollen faces and bleeding bodies. They came up again at the call for the fifth round, but so disfigured and exhausted that the referee stepped into the centre of the ring and ordered the fight stopped.

The "Passion Play."

NEW YORK, Feb. 10.

The Temple in the "Passion Play" was set last evening for the first time and there was o stage rehearsal of the part of the drama in which it was used. The scene not only filled the forward part of the stage but extended back to 24th street. The pillars of the temple are seen in distant perspective and the landscape shows faintly beyond. The effect is very fine. Morse says he will be ready to play his drama in two days after a license is granted. A large number of lead coins called shekels have been coined and will be given to the audience.

NEW YORK, Feb. 10.

The *Herald* says of the production of the "Passion Play:" We trust Judge Ingraham, whose decision in the matter is now awaited by Morse on one side and the public on the other, will make known his determination at the earliest moment possible. The affair has been too long a matter of public and private discussion. It should be definitely settled at once, one way or the other.

A Carolina Bonanza King---His Lucky Find.

FAYETTEVILLE, Feb. 10.

North Carolina has a bonanza king, John Barnes of Moore county, who counts his wealth by hundreds of thousands. A few weeks ago this man's earthly possessions consisted of half a dozen half starved coon-dogs and a 20-acre lot of barren land in Moore county. About a fortnight ago Barnes discovered gold on his farm. He prudently kept the secret to himself and removed the precious metal as best he could. He obtained more than 100 pounds of gold and then disposed of part of his land for $143,000, reserving a large share for himself. Barnes is now considered the wealthiest man in Eastern North Carolina. He is preparing to build for himself a handsome residence a short distance from the spot where he discovered his gold metal. The coon dogs which were his constant and almost sole companions in his poverty seem to be kindly cared for.

Lightning-Jabbers Have a Glorious Time.

NEW YORK, Feb. 10.

The telegraphers held their fourth annual reception in Ferrero's assembly rooms last evening. In front of the ochestra was the word "Telegraphers" in illuminated letters, with the number "73," which means to telegraphers "compliments and regards." On the platform was a telegraph instrument through which messages were received from Boston, New Orleans, Savannah, Agusta, Trenton, Washington, Toronto, Montreal, and Key West. Early this morning the festivities closed with the gallop "30," which being interpreted means "the end."

GOSSIP FROM GOTHAM.

Sullivan the Best Man—Wiggins the Weather Crank—Chinese New Year.

NEW YORK, Feb. 10.

The *Sun* gives a column of opinions of fighting men on Slade's probable chances with Sullivan, the majority of whom regard the latter as the better man. Sullivan is reported as having said:

"I am convinced that Mace and Slade don't want a fight. If they do, let them accept the propsition my representative in New York makes to back me for $10,000 against either Mace or Slade, the fight to take place in six weeks or three months from signing articles."

The *Herald* prints an alleged interview with Wiggins, the weather prophet at Ottawa, Ont., who accounted for the failure of yesterday as follows: "The astronomical day begins at noon on the meridian of London. Sunday begins at 12 at night. I overlooked this fact, so that the side of the earth presented to the planetary force was opposite to that which I gave. I did not notice my mistake until this evening, so the storm fell on the Pacific coast instead of the Atlantic coast. This is the first storm prediction I ever made that didn't take place. We will get the tail end of the storm yet. It will strike heavily on the east coast of Africa, however. The failure of this storm removes a world of responsibility from my mind, for the storm I predicted for March has hung over me like a nightmare on account of the terror it has struck in the public mind throughout the world, as instanced by that pile of letters I have received; and if this storm had happened hundreds and thousands would have become insane through fear of its results."

"Will you now retire from the field of weather prophets?"

"Yes, as far as publishing letters in newspapers goes."

The *Tribune* says of the Chinese celebration at Belleville, N. J.: Yesterday it attracted many white visitors from Newark and other adjoining cities, among whom were not a few ladies. Chinese were present also from New York, Patterson, Jersey City, and some of the New York Chinamen appeared at the laundry in coaches and caused a sensation, but the majority reached Belleville by railroad and horse cars. The female employes of the laundry were dressed in holiday garb and went about familiarly. At 2 o'clock a rope of fire-crackers was stretched from a tall flagstaff near the dormitory, making a great racket. The exercises in the Joss house were well attended. There was the usual worship, burning of incense, beating of gongs and drums. There was no interruption and the Chinese seemed as much at home as in the heart of China.

The Ohio Floods---The River Still Rising.

CINCINNATI, Feb. 10.

The river is now higher than since 1847. It stood 58 feet 11 inches at 10:30 and is still rising. There is no material change in the situation. The Cincinnati & Eastern road is submerged a few miles out, but able to make transfer. Early this morning the embankment at the Cincinnati, Indianapolis, St. Louis & Chicago Railroad near Lawrenceburg, Indiana, gave way and the town was flooded to the depth of three feet on all lower levels. No lives were lost but there is much discomfort and loss. The schoolhouse is submerged above the first floor. Saw mills and distilleries are closed. The former lost considerable in timber.

FOREIGN TELEGRAPH

The Case of the Suspected Irish Assassins.

DUBLIN, Feb. 10.

The court was again crowded this morning with privileged spectators, including many ladies. Jos. Brady, Timothy Kelley, James Corry (Town Councillor), carman Fritz Harris and seven other prisoners were placed in the dock to-day. Informer Kavanaugh was sworn and deposed that he drove Brady, Kelley and two other men whom he did not know to Phœnix Park in the evening of the assassination of Cavendish and Burke. Jas. Corry and David Delaney were on seats on the side of the road in the park. Delaney said they were watching the Chief Secretary. The following prisoners were also arraigned: Lawrence Hanlon, Joseph Millett, Jas. Mullett, Edward O'Brien, Wm. Moroney, W. David Hurley and Daniel Delaney.

DUBLIN, Feb. 10.

Michael Kavanaugh, a carman, has turned informer against the prisoners charged with conspiracy to murder government officials. He will be the first witness examined in the investigation at Kilmainham and will testify that he drove the car employed by the assassins of Lord Frederick Cavendish and Burke to Phœnix Park and describe the whole affair.

DUBLIN, Feb. 10.

Great excitement prevailed when Kavanaugh was placed in the witness seat. Kavanaugh apparently labored under great excitement. He deposed that on the 6th of May last he was at the Royal Oak public house in Park Gate street, and was engaged by four men—Brady, Kelley and two strangers. Brady uttered a loud gutteral threat, but no distinct words were heard. There was no laughter to-day among the prisoners when Kavanaugh identified them. Kavanaugh pointed to Patrick Delaney as another of the men present. He drove the four men into the park by the island bridge gate to the Phœnix monument and along the main road to Gough monument. There they got down. They said there was no sign of "Skint the Goat," meaning James Fitz Harris, a carman. Among those present in Court to-day were Jenkinson, Director of the Criminal Investigation Department, and Courtney Boyle, private secretary to Lord St. Spencer. Before the prisoners were charged today counsel for George Smith, one of the accused conspirators, made application for the admission of his client to bail, which was refused.

PANAMA, Jan. 31.

A steamer been purchased in United States will be carried in pieces into the interior of the State of Cane, where it will be put together and employed as the pioneer boat of a company which has been formed for the purpose of establishing steam navigation on the Cane river. The Panama Railroad's traffic is increasing rapidly and new telegraph offices have been opened along the line, and more trains have to be run. The local trade has trebled, if not quadrupled, since work commenced on the canal. Occasional heavy falls of rain continue, a most extraordinary circumstance at this season. On the 23d the river Chagres rose 10 feet during 24 hours, an unparalleled event in a dry season. A railroad is being built in the State of Magdelena in which dividivi wood is being used for ties, much to the displeasure of the local papers, which object to what they term wanton destruction of valuable dye and tan wood. The revolution in Equador progresses and heavy fighting is expected soon, unless Dictator Veintimilla makes up his mind to flee the country.

Suicide of Charley Strong. Formerly Superintendent of the Gould & Curry Mine.

AUBURN, Feb. 9.

This morning Charles L. Strong, Superintennent and part owner of the Belmont mine and mill, committed suicide at the mine, about eight miles from here, by shooting himself. He was the first Superintendent of the Gould &Curry. At one time he was afflicted with a brain trouble to such an extent that he had to have constant attendance. It is probable that the mental worry and strain of getting the mine and mill in shape caused his old trouble to suddenly return.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from lassitude and weariness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither palls upon the appetite nor offends the taste.

DELICATE FEMALES, who suffer from the weaknesses of their sex, will derive instant relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revives the spirits.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation exactly suited to their needs. It is a specific for the Coughs and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of fat-producing foods, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. MARRIED.

WILLEY—CENYEN—At Ragtown, Feby. 5, 1883. by Rev. J. M. Heisley, Charles M. Willey of Hot Springs and Miss Maggie E. Cenyen of Ragtown.

JOTTINGS.

Minor Occurrences in and About Town.

Pretty cold this morning.

The foot-ball fever has broken out again.

Cowboys say it is cold work to handle cattle these days.

Six car-loads of beeves went west on this morning's freight.

Twelve car-loads of cattle will be shipped from here to-night.

Louis Dean is feeding about 1,000 head of cattle near Glendale.

L. G. Clark of Duck Flat has sold 216 head of beef cattle to John Slaven.

The weather has moderated just enough to insure a good attendance at the soiree this evening.

W. & Al. Longley will make another shipment of beeves on Monday to Everson, San Francisco.

Lemery yesterda ypurchased a lot of quail, cottontails, and ducks. Hunters say game is reasonably plentiful.

Valentines—Valentines at reduced prices at Nasby's. Thermometer at 7, 9, 11, 1 and 3—2, 12, 20, 25, 30.

McAlpine, the Winnemucca druggist, is in the cattle business. He went west this morning with five cars.

It is said that the mine at the foot of the Geiger grade, owned by E. Crane and Mrs. Howard, is in good ore.

John Belz has all the requisites for making a man look as good as new. Drop in and get slicked up. A shave by a skillful artist is a luxury.

Seymour Bryant is a law student in the office of R. H. Lindsay. Mr. Bryant has received a Notary Public's Commission and will attend to any business left with him.

Coleman & Pechner's baths are superb. The bather has every comfort and convenience to be found in a first-class establishment. Then get your face smoothed up and feel like a millionaire.

Geo. Becker's Pacific Brewery beer is having a great run. Every day he gets orders from towns along the road, showing how popular his beverage is. He brews only a first-class article, and that's why it is in demand.

Business can go without advertising, so can a wagon go without greasing, but in both cases it is hard work. So Levy & Bro. think. They have a magnificent stock of dry goods and such things as please ladies, and want all people to know it. Everybody is invited to visit their store and inspect the grand stock.

Yesterday he met Brown in the street, and held under his nose a cigar that he was smoking. "What do you think of that?" "Pretty good cigar for a cent isn't it?" "Maybe," returned Brown, as he held his nose; "but it's a dreadful scent for a cigar. Why don't you go to E. Meyer's and get a good smoke? He has the best. Try him."

Strangers in town are much attracted by the handsome show-window at the Wine House, in which samples of the splendid stock of liquors carried by Chielovich & Co. are so tastefully displayed. The firm has on hand a choice lot of foreign and native wines and liquors, which they ship to all parts of the State, in large or small orders. The Wine House, wholesale and retail, is first-class.

PERSONALS.

A. O. Porter of Truckee is at the Palace.

C. F. Moeller of Steamboat was in town to-day.

Geo. T. Huscroft returned from San Francisco this morning.

E. W. Hayden of the Susanville *Advocate* was in town last night.

John F. Copp, formerly of Reno, is in business at Lake Valley, New Mexico.

H. A. Mason, proprietor of the Sierra Valley *Leader*, is in town. His paper is an excellent source of news for his territory.

Officer Mershon will be off his beat for a few nights, in consequence of death of his father. Deputy Green will serve in his place.

Dr. G. Haas, formerly of Reno, but now of Salt Lake City, will visit England the coming Spring to negotiate for the production of his play for the season of 1883-4.

Railroad Legislation.

The Legislature has before it bills to reduce the charge for hauling freight to six cents a mile. This bill applies only to railroads which run continuously through the State. Another to limit passenger rates to four cents a mile and freight to eight cents. Another is to prevent any road from charging through rates to the end of its road and local rates back. Also a resolution to forfeit the lands of the Central Pacific; a bill to provide for the payment of stock killed by railroad trains; a bill creating a railroad commission; one introduced by Pike to-day similar to the Williams bill. The Smyth bill was defeated yesterday in the Senate. It related to carrying and charging for freight beyond the point it was shipped to.

STOVES IN CARS.

What the Exacting American Traveler Demands.

Notwithstanding the great disaster at Tehachapi, which caused a great outcry, railroad men continue to heat their cars with stoves and to light them with kerosene lamps, because the public is at ordinary times perfectly satisfied with stoves and lamps, says the New York *Times*. Mr. Vanderbilt once tried the experiment of lighting his cars with candles, but the traveling public abused him for his alleged parsimony, and demanded to have the kerosene lamps put back. Of course when a carload of passengers has been roasted by an upturned stove, the railway companies are violently abused for heating their cars with stoves, but a month after the tragedy is over the public is again perfectly satisfied with the stoves. A coal stove heats a car to that unbearable degree of heat that the traveling American citizen demands. No other method of heating would satisfy him, for without the sight of a red-hot stove he could not be convinced that he was comfortably warm. Were the stoves to be taken out and the cars heated either by steam from the locomotive or with hot water, the majority of passengers would grumble. They would insist that they were not warm enough, and that the company was too parsimonious and mean to provide its cars with stoves. Of course, in time even the grumblers would become convinced that they could be comfortable without searing their eyeballs by gazing at a red hot stove, but the removal of the stoves would at first be a very unpopular measure. The railway companies know this, and they naturally continue to heat their cars with stoves. They are far too intelligent to confound a temporary outcry made by the press just after the occurrence of a railway accident with the real wishes of American railway travelers.

SIERRA VALLEY ITEMS.

Desultory Jots from a Solvent Section.

The following news items are taken from the Sierra Valley *Leader* of Feb. 9th:

The proposition to construct a telegraph line from Loyalton to Sierraville is being agitated.

The Superior Court of this county has decided nine suits of various parties against the Sierra Buttes Mining Company in favor of the plaintiffs. The actions were for damages caused by the breaking of the Sardine Lake dam.

A complete change of management has taken place at the Marguerite. Phillip Deidesheimer, general manager, and P. J. Deidesheimer, superintendent, have withdrawn and W. Shaw of Boston has been appointed general manager and P. A. Humbert, late of the Bullion mine of Virginia City, is now the superintendent. Everything at the mine is now in good order and running continuously on good rock. There is estimated to be $175,000 worth of ore in sight and the prospects of a prosperous year are very flattering.

Death of an Old Renoite.

I. D. Cross, an old and respected resident of Reno, died at Bellevue, Wood River, February 2nd. Mr. Cross was the father of Mrs. J. W. Maddrill, Mrs. George W. Hark and Mrs. C. H. Stoddard of Reno and Mrs. Charles Davis of Oakland. Mr. Cross spent several of his best years in Dayton, keeping a hotel. He tried to dig a fortune from the hills of Como, but after exhausting a large sum of money and much time he abandoned the task and came to Reno, where he was employed by W. R. Chamberlain, leaving here for the Wood River country, where he closed his labor to enter eternity. Mr. Cross was a native of New York, and was 59 years of age.

Washoe Lake Mines.

Ed. Harris is extracting smelting ore—argentiferous galena—from a mine owned by him near Washoe Lake. The ore is of good quality, says the *Enterprise*, and will be shipped to California for reduction. He also owns a mine in the same vicinity which produces rich gold quartz. For the purpose of working this he is making arrangements for fitting up a small water mill on Steamboat creek. This mill has been lying idle for a long time, but can be put in working order at no great cost. It will be just the thing for cheaply working the small lots of gold-bearing quartz that may be mined in the district.

Death of A. G. Mershon.

A. G. Mershon died this morning after a short illness, at the ripe old age of 82 years. He was a native of Virginia and came to this coast some 20 years ago and has resided here ever since. He was the father of G. W. Mershon, and leaves an aged widow to mourn his loss after half a century of married life. The funeral will take place to-morrow at 2 o'clock P. M. at the Baptist Church.

Wilson's Sentence.

Major F. G. Wilson was sentenced this morning by Judge Boardman to three years hard labor in the penitentiary. Deputy Sheriff Pine took him him to Carson on the 2 o'clock P. M. train,

SLAUGHTER OF INNOCENTS

Six Hundred Rabbits Slaughtered by Chico Sportsmen.

Last Thursday a crowd of 23 men and boys from Biggs and Gridley, mostly from the former town, says the Chico *Record*, turned out on a rabbit hunt. Their sport took place in a field known as "The Willows," presumably because there are no willows in the vicinity—nothing but some small oak bushes and some tall grass. But they had the finest kind of a time. There seemed to be millions of jack rabbits, or as they are called by some—"Texas mules." The men had, of course, gone well prepared for the hunt, and a great quantity of powder was burned. An old gentleman who was present said that the continual firing of guns reminded him of a hard fought battle in which he had taken a hand. A thicket was surrounded and rabbits poured out in countless numbers. The sport was kept up nearly all day, but the hardest part of all was the gathering of the game. When the ground had been gone over several times the men succeeded in finding nearly 600 rabbits that had fallen under the steady hail of shot and ball. The rabbits were, piled in a header wagon and it required four horses to draw the load. The mammoth pile of rabbits nearly filled a freight car, and the load was shipped to the San Francisco markets. This kind of game is relished by the people at the Bay, but our people would not touch what they are pleased to call "a sore-backed rabbit." The proceeds of the sale of the rabbits was turned over to the local preacher of Biggs, and he will put it to the good use of paying off a debt that hangs like a cloud over his meetin'-house. It seems a great pity to slaughter so many rabbits, but it is absolutely necessary that they be exterminated in some manner, as they are almost as destructive to growing grain as wild geese.

PLUMAS ITEMS.

Interesting Notes From the Northern Country.

The following items were taken from the *National* of February 7th:

On Saturday the last clean-up for the month of January was made at the Crescent mine. The amount realized was $6,400, the total product for the month being $13,000. At present eight stamps are working.

G. W. Boyden has sold his ranch to Serafino Borsini; price $4,500.

The Arcadian mine has been sold by A. D. McIntyre to C. G. Rogers, Superintendent of the Green Mountain mine.

Good Templar lodges are thriving.

Church Notices.

Services in the Baptist church at 11 o'clock A. M., by the pastor Rev. E. B. Hatch. Subject: "True Wisdom." In the evening there will be a union temperance meeting by Prof. Wm. Crowhurst of San Francisco. Services to commence at 7 o'clock. Seats free and all made welcome.

There will be services in the Congregational church, Rev. A. B. Palmer pastor, at 11 A. M. and Sunday school at 12:15 P. M. In the evening there will be union service at the Baptist church.

Bitten by a Bull-Terrier.

An eight-year-old son of Henry Minser, Virginia, was badly bitten yesterday by a bull-dog. The little fellow was coasting on G street in that city with three little girls on the sled with him. As the sled passed, the dog—a small bull terrier—jumped at the boy and bit him severely on the right leg, inflicting a wound three inches long on the prominent portion of the calf.

Innocent Fun.

"Basket parties" are popular in California. Lunch baskets, each containing a card with the name of the lady, are sold at auction. The purchaser is in honor bound to share his lunch basket with the lady whose name is found in the basket. Many oddly disposed couples is the result.

Hard on the Aborigine.

There has been a great mortality among the Washoe and Piutes this Winter. The extreme cold weather has made pneumonia and hard colds frequent. It must be anything but balmy in a canvas teepee these nights. Still, they stand it, and one was out in his bare feet to-day near the river.

Temperance at Honey Lake.

The Good Templar Lodge at Honey Lake Valley has 175 members, and more are joining every day. The temperance movement there seems to have become well rooted.

The Value of Hay Just Now.

There will be no hay left over from 1882. The entire crop has averaged about $8 a ton loose. Nine dollars a ton is being refused now.

Swiss Dairymen.

A company of Swiss dairymen are working the farm in Long Valley recently sold by George Mapes. The price paid was $16,000.

BEYOND THE RIVER

Away Across the Mississippi is Held a Convincing Conversation.

"I tell you, sir, that they are one of the neatest combinations ever produced, and my experience of that sort of thing has been wide enough to entitle my judgment to some respect."

"Oh, I don't know," responded the first speaker's friend, with a little yawn, as though he didn't take much interest in the subject, "I have never been able to see much difference in those things. They are all pretty nearly the same size and made of about the same stuff."

The talk, of which the foregoing is a fragment, took place in Gallatin, Missouri, not long ago, in the snug office of Dr. M. P. Flowers, one of the leading physicians of the State, who followed up the vein in which he had introduced it substantially in these words:

"Nonsense; that is the rigmarole of a boy, or rather of a man who either doesn't know or doesn't care what he says. Those things, as you call them, are just as different as the moon is from green cheese. Now, liniments, lotions and ointments are very good in most cases for the relief of pain or inflammation. But, in the first place, they are unclean. They soil the hands and the linen, besides being always out of reach when they are most wanted."

"Well, my dear Doctor," sighed the traveler from the North, "what would you have? This is a wretched world anyhow, and nothing is ever at hand when it is wanted. You can't suggest anything ——"

"Yes, I can," broke in the Doctor, thumping the table with his fist. "I can suggest BENSON'S CAPCINE POROUS PLASTER. I have tried it on my patients, and in all cases relief has followed in from three to forty-eight hours. The old plasters are stage coaches—the Capcine is a telegraphic dispatch. For instance, in cases of Neuralgia, Muscular Rheumatism, Lumbago, retarded action of the Kidneys, and——"

"I give it up, Doctor, and in case of need I'll buy Benson's," said the traveler, pleasantly.

In the center of the genuine is CUT the word CAPCINE.
